

CHATACTERISTICS

Keno sp. z o.o. is pleased to present you with a solution for ground installations using a single-support single-frame structure.

- Compatibility with a wide range of available modules
- Mounting in a vertical arrangement with one row
- Supports made with zinc-magnesiumcoating

[ZOBACZ
KATALOG](#)

DESCRIPTION OF THE STRUCTURE

Keno sp. z o.o. provides a 10-year warranty on the above structure, with the possibility of extending it for another 5 years. The structure has been coated with MAGNELIS coating, which means that the warranty on the coating itself can be up to 25 years. The structure allows modules to be installed in a 1 row vertical arrangement. The maximum length of a single table can be 20 meters.
