

## Automatic backup power supply connection box for GEN24 and Symo Hybrid inverters

Compatible with the Fronius GEN24 and the Fronius Symo Hybrid inverters

The SH-GEN24-SZR connection box enables quick installation of an emergency power supply in the customer's installation. In the normal operating state of the grid, all circuits are supplied directly from the power system, in the event of a grid failure, the system automatically switches to the inverter emergency power supply and ensures energy independence of the circuits connected.

### Characteristics:

- Characteristics:
- Double disconnection of operation in emergency mode
- power meter
- Built-in inverter protections
- Controlled by an inverter
- Wall mounting
- Included cable glands
- Phase signalling

## Technical parameters

<b>Basic technical data</b>	
<b>Compatibility</b>	FRONIUS SYMO HYBRID 3.0-3-S FRONIUS SYMO HYBRID 4.0-3-S FRONIUS SYMO HYBRID 5.0-3-S FRONIUS SYMO GEN24 6.0 FRONIUS SYMO GEN24 8.0 FRONIUS SYMO GEN24 10.0
<b>Grid type</b>	TN-S / TN-C-S
<b>Grid parameters ,V</b>	230/400
<b>Rated frequency, Hz</b>	50
<b>Source of backup power</b>	Energy storage
<b>Max output current of backup source, A</b>	16.4
<b>Max output current, A</b>	63
<b>Switching time, s</b>	≈ 60
<b>Type of connection</b>	3F + N
<b>Operating temperature °C</b>	-25÷40
<b>Protection class IP</b>	65
<b>Weight, kg</b>	8
<b>Dimensions, mm</b>	653 / 319 / 144
<b>Phase signalisation</b>	Yes
<b>Max. input current , A</b>	50A

## Technical Parameters

<b>Advanced security</b>	
<b>Control circuit</b>	Circuit breaker B6
<b>Inverter circuit</b>	Circuit breaker B25
<b>Inverter protection</b>	Residual current circuit breaker 40A 300Ma S+A
<b>Circuit breaker</b>	K1/K2 63A

<b>Power meter</b>	
<b>Smart meter</b>	Yes
<b>Input communication cables</b>	Yes
<b>Model</b>	FRONIUS SMART METER 63A

<b>Wire cross-sections diameters</b>	
<b>Grid connector</b>	<10 mm <sup>2</sup>
<b>Connected load</b>	<10 mm <sup>2</sup>
<b>Inverter outputs</b>	<10 mm <sup>2</sup>
<b>Emergency power receptors</b>	<10 mm <sup>2</sup>
<b>Communication cable</b>	Terminal block PUSH-IN (0,5mm <sup>2</sup> )/UTP cat.5 RJ-45

<b>Wires gland</b>	
<b>Grid connector</b>	M25
<b>Connected load</b>	M25
<b>Inverter output connector</b>	M25
<b>Emergency power receptions</b>	M25
<b>Communication connector</b>	M16
