### TECHNICAL DRAWINGS

Keno sp.z o.o. provides a 10-year warranty on the above structure, thanks to the galvanized supports. In the case of a structure made of MAGNELIS coating, it is possible to extend it up to 25 years. The design allows for the installation of bi-facial modules in a configuration of 3 or 4 horizontally, depending on the width of the module. The design is compatible with all mounting profiles available from Keno sp.z o.o..
